“ *Mr Bugg was the sweetest man in the world , he helped us out after we moved here from San Antonio. Always a gentleman & always lending a hand*

“ *My goodness what a loss. Mr. Bugg was always so kind and soft spoken. His generosity in life to others has been amazing. I remember the time Destiny & I were driving home from Tyler in the ice storm. We stopped by y'all's house to give my white knuckles time to calm down. He wanted us to stay with him & Tahle, but Destiny needed to be back in Waxahachie. Mr. Bugg made us tell him what route we were driving on home. He said, "if we don't hear from you within two hours, I'm coming to look for you"! So, we called as soon as we got home. (We certainly didn't want him out in that mess)There comes to mind a story about Billy Jr. I can remember when you went out in the pouring rain to take Buddy an extra set of keys to his car (because he had locked the first set inside of the car) No questions, no grumbling. You just went out in the blinding rain! The reason I tell of this story, it seems Mr. Bugg Sr. passed on his love of helping others...Thank you for sharing him with the rest of us so long. I know that my life is so much better for having had him in it. May he now Rest In Peace. May God wrap His loving arms around Tahle, Billy, Iris and the rest of the family as you all live through your grief. Love, Freda*

“ *I could always hear his red truck pull up out front when her came to his son's Billy jr's house next door. He was always there, to help Billy with a project, they could move mountains together. I always thought he must be able to do anything. I know that he was loved, and he will be so very missed by His family. Rest in peace*
