“ *You were one of a kind Uncle Bud. You were always alot of fun to be with. I will definately miss that but I will always remember those times. You were a huge help for my mom after dad died. You gave her the support she needed. Thank you for that. In a way it feels like a piece of our family is missing but then all I need to do is remember the times we spent together and it doesn't hurt quite so bad anymore. RIP Uncle Bud. I hope when my time here is done that I will have made people half as happy as you did. We love you and we will forever miss you.*
